## Tournament Information

### **Championship Format**

**Getchell Division (Unassisted):** One hand only touching club for any golf stroke.

**Fullgraf Division (Assisted):** Use of anything other than one hand touching club for any golf stroke.

\*Getchell and Fullgraf Divisions will be played with no golf handicaps.

**Sanders Division (Net):** Assisted & Unassisted players can play in this division. USGA GHIN handicap applies. **Players must have a verified Official USGA GHIN or state handicap to qualify for Championship and Fightmaster Cup points in the Sanders Division.** (If player does not have official verified USGA GHIN or state handicap, they are welcome to play but will not qualify for Championship or Fightmaster Cup points.)

**You must declare Division you intend to play in prior to Qualifying.**

*Monday and Tuesday (1<sup>st</sup> & 2<sup>nd</sup> Round Qualifying) will be 18 Holes Stroke Play each day, with the top 8 scorers in three separate divisions Getchell (Unassisted), Fullgraf (Assisted) and Sanders (Net) qualifying for Match Play Brackets that are played Wednesday & Thursday to decide the divisional champions. The Never Quit (NQ) Cup is for all non-qualifiers or as we say, Never Quitters to be played on Wednesday morning! On Thursday morning, the Semi-final matches are played as well as 2-Man Shootout. On Thursday afternoon, all play will be complete except for the Finals matches in each division! All participants and guests are encouraged to join and follow the final matches!*

*The **NQ Cup** is for the players that do not finish in the Top 8 of their respective divisions during Qualifying on Monday & Tuesday, and consist of 18-holes stroke play with each player using their Adjusted handicaps. The **2 Man Shootout** will be a Scramble Front 9/Modified alternate Shot Back 9. The Shootout is for those NOT in the championship divisional semi-finals, and will pair the players based on their scores from the 1<sup>st</sup> and 2<sup>nd</sup> qualifying rounds using their Adjusted handicaps.*

*"Adjusted" golf handicap is an amended handicap that consists of the midpoint between your official GHIN handicap and the average number of strokes over par you shoot on Monday & Tuesday. For example, if your GHIN handicap is a 20 and you average 30 over par in Rounds 1 & 2, your new adjusted handicap for Wednesday & Thursday will be 25. If you do not have an official GHIN handicap, your adjusted handicap will be the average of a 0 handicap and your two qualifying round scores. Max Adjusted handicap of 36 for men, 40 for women*
